RE: Your request for records dated November 19, 2012

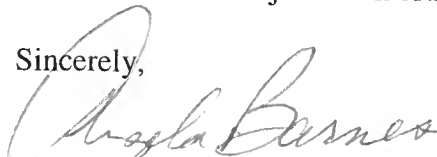

Dear Mr. Musgrave:

Sergeant Art Smith of the Mesa County Sheriff's Office ("MCSO") has received your records request of November 19, 2012. He consulted with the staff knowledgeable on the topics about which you inquired, and supplied me with the responsive information that exists.

With regard to your paragraph one, that information is enclosed. With regard to your paragraph two, that information is enclosed with the identifying frequency information redacted as per FAA guidance with regard to same. With regard to your paragraph three, the MCSO has not done such reports and therefore has no documents which satisfy your request. With regard to your paragraph four, I believe that Ben Miller of the MCSO provided you with this information in his recent telephone conversation with you as well as in his follow-up email dated November 26, 2012. Please let me know if you disagree? With regard to your paragraph five, Sgt. Smith has already replied to you that no documents exist that are responsive to your request.

With regard to the fees, the MCSO is waiving them for your organization at this time – although in the future, the MCSO will likely charge the regular rate as it feels that it has supplied you with exhaustive information. Had it charged this time, it would have charged \$.25/page for the pages sent plus at least four hours of staff time at \$40/hour – just as an estimate for future.

Sincerely,

Angela Barnes
Asst. County Attorney
